

## **Physical Education**

It has been a great start of the year. The students have all been happily engaged in an introduction or review of recess games. We were quite fortunate to be able to purchase a "Gaga Pit." which is played during PE class and also gives the students a very active recess period. The students are in love, K to 8th graders! The best part of this activity is the students are unknowingly working on cooperative play and other parts of the curriculum with different grade levels. It is so much fun to watch.

We will be moving onto striking activities until the snow flies. Part of the period for K-1 will be a practice session on tying shoes. My goal is to have these kiddos tying their own shoes by the end of the year. Parent, you may help out with this by practicing at home. It is a big confidence builder!!

**KEEP MOVING MY FRIENDS!**
