

# CLASS NEWS

Ms. Monaghan's Second Grade Class

First Quarter

## OUR LEARNING

**ELA:** Second grade has been busy in ELA! On top of weekly spelling tests, they must complete a biweekly reading comprehension test. We have dived right into our Growth Mindset Journals as well, and have already written several writing pieces.

**Math:** In Math, we have been busy perfecting our strategies for both addition and subtraction. We are also beginning to work with place values and time!

**Religion:** Religion has been very productive with both Ms. Kelly's C.G.S class and our own learning in Room One. We have had many impactful conversations about Jesus and God's love, and we just wrapped up our baptism chapter.

**Social Studies:** More wonderful conversations have been had in our Social Studies class, where second graders have learned all about the past and present. We are about to begin our geography unit as well!

**Science:** Our class just wrapped up their very first unit in Science Class, Land and Water! The students conducted exciting experiments, gained important knowledge on our Earth's land and water forms, and applied the Scientific Method to their research!

## EVENTS

-Our Show and Tell was a huge success! I look forward to having another one in the future. Please check ClassDojo for photos of the event.

## REMINDERS

- Please empty and sign Friday Folders.
- We are starting to run low on Clorox wipes; any donations are greatly appreciated! 😊
